INVICTUS

Con la versione S, GT370 si completa e ci mostra il suo volto più sfacciato. I nuovi motori fuoribordo danno ulteriore grinta a questo capolavoro galleggiante, senza alterare il suo perfetto equilibrio tra raffinatezza e potenza.

With its S version, GT370 gets complete and shows us a little bit of its cheeky face. The new outboard engines give additional grit to this floating masterpiece, without altering its perfect balance between refinement and power.
